

Software testing

Jason Charnes

Foreward

I've been a professional developer for almost 10 years now. Testing has been at the forefront of my mind almost every day.

I'd like to take what I've learned and share it with you.

Chapter 1 - Writing tests

Don't.

Chapter 2 - Setting up a CI server

Don't.

Chapter 3 - Writing code

Don't.

Chapter 4 - Changing careers to be a farmer

D_o.

The end.
